

# 2 in 1 Easy Remote Control

*Universal IR Remote Control  
adaptable to your needs*

## Key Features

- Replaces 2 remotes : TV and another AV appliance
- Comprehensive library includes codes for most TVs, VCRs, DVDs, SAT, CD, CABLE
- Easy to setup :
  - Look up the code
  - Auto search
- Finishes on option:
  - painted
  - painted lacquered
  - keys lacquered

## Benefits

The 2 in 1 remote is a simple and easy to use controller of your A/V equipment, controlling 2 appliances. X10 Universal IR remote controllers contain a library of codes to match most of the TV and AV appliances currently available on the market. With the second mode adaptable for any AV appliance, the 2 in 1 Easy Remote can change to match your needs, for example, when you buy a DVD player to replace your VCR.

### KEY FUNCTIONS

- Direct access to all main functions of your TV and AV appliances.
- Advanced functions such as Menu, brightness and colour are accessible thanks to the shift key.
- Teletext and Fasttext directly accessible via the coloured keys.
- Punch through volume control.
- The 2 in 1 Easy Remote Control is also available as a 5 in 1, 6 in 1, etc., to control several appliances (TV, DVD, VCR, SAT, DSAT, CD, AMP...)
